Education That Delivers For Outcomes

World Class Education

Access UGC-entitled online postgraduate degrees from a NAAC A++ accredited university with 70+ years of educational excellence. Learn from expert faculty who share real-world experiences.

Industry-Aligned Curriculum

Expand your domain knowledge through our modern curriculum that is aligned with industry trends. Attend live classes and access recorded lectures anytime, anywhere.

Global Networking Opportunities

Expand your professional networking and gain industry insights by interacting with a diverse peer group, faculty, and other industry experts.

Prestigious Manipal Alumni Status

Benefit from 70+ years of Manipal legacy and become a member of the reputed alumni network.

Placement Assistance

Become a job-ready professional through placement assistance which includes resume building, mock interviews, skill assessments, and more.

Exhaustive Content & Resources

Access an exhaustive e-library with e-books, e-databases, journals, and more. Get free access to paid content on Coursera.

Attractive Scholarships

Gain access to exclusive scholarships designed for defense personnel, government employees, differently abled people & meritorious students.

> I currently work in the pharmaceutical domain. However, I wanted to gain new skills, which is why I decided to pursue this MBA in Pharmaceutical Management. I believe this online degree will help me enhance my domain knowledge, skills such as leadership, communication, and teamwork, which are very essential.

– Sarita Yadav | MBA

Program Delivery

Quality education, delivered seamlessly through state-of-the-art technology, so learning never slows down.

- Soft skills & leadership training

- 1:1 guidance from expert mentors

- Exclusive access to 10K+ Coursera courses

- Capstone project to showcase your learning

- Collaborative learning with a diverse peer group

- Industry expert sessions, case studies & projects

- 2 on-campus immersions

- Live & recorded online classes for flexible learning

- 24x7 student support center

Master of Computer Applications | Online MCA

This MCA program features a robust curriculum packed with cutting-edge specializations like AI & ML, Cloud Computing, Cyber Security, and Full Stack Development. Ideal for working professionals, this program offers flexibility, preparing learners for varied career opportunities across IT and tech sectors.

Duration

Minimum 2 years (divided into four semesters)

Career Prospects

- Big Data Engineer
- AI & ML Engineer
- DevOps Engineer
- Bioinformatics Specialist
- Cloud Computing Specialist
- Software Developer
- Quality Assurance Analyst
- Cybersecurity Specialist
- Full Stack Developer

Online MCA | Program Structure

First Semester

- Mathematics for Computing
- Business Communication
- Problem Solving Using C
- Operating Systems
- Software Engineering

Second Semester

- Database Management with Structured Query Language
- Data Analytics and Visualization with Python
- Object Oriented Programming with Java
- Data Structures and Algorithms

Third Semester

- Software Testing and Analysis
- Web Technologies
- Mobile Computing
- Machine Learning Methods
- Research Methodology and Technical Communication

Fourth Semester

- 4 courses in chosen specialization
- Project

NOTES:
- Each semester carries 20 credits
- Subjects of semesters 1 & 3 carry 4 credits each
- Subjects of semester 2 carry 5 credits each
- Each elective course carries 3 credits
- Project carries 8 credits

Program Specializations

Specializations

Fourth Semester

01 Artificial Intelligence & Machine

- Deep Learning Principles and Applications
- Artificial Intelligence
- Big Data Analytics
- Computer Vision

02 Cloud Computing

- Cloud Architecture and Management
- Cloud DevOps
- Cloud Application and Database with Java
- Cloud Security Essentials

03 Cybersecurity

- Basics in Information Security
- Forensic Investigation
- Cyber Crime Intervention
- Cloud Security Essentials

04 Full Stack Development

- Back-end Web Development
- Front-end Web Development
- Human-Computer Interaction
- Cloud Security Essentials

Master of Science in Data Science

Online MSc-DS

With a perfect blend of machine learning, big data analytics, and statistics, this Master's program will equip you with technical, analytical and leadership skills you need to build a distinctive career in Data Science.

Eligibility

- Candidates must have completed 10+2+3-year bachelor's degree in Statistics / Mathematics / Computer Science / Engineering / Technology or any other discipline with a minimum of two years of learning Mathematics or Statistics from a recognized university/institution or an equivalent qualification recognized by the Association of Indian Universities (AIU).

- Candidates must have at least 50% marks in aggregate.

- Work experience is desirable.

Fee Structure

- INR 2,80,000 (all inclusive)

- INR 70,000 per semester

- INR 1,500 (non-refundable application fee)

Duration

Minimum 2 years (divided into four semesters)

Career Prospects

- Data Science
- Statistical Modeling
- Artificial Intelligence
- Machine Learning
- Business Intelligence
- Big Data Engineering
- Pipeline Development
- Data Analysis & Interpretation
- Database Management

Online MSc-DS | Program Structure

First Semester

- Computational Mathematics
- Probability and Probability Distribution
- Programming with R and Python
- Operating Systems
- Database Management

Second Semester

- Linear Regression Models
- Time Series Analysis
- Applied Multivariate Data Analysis
- Machine Learning Methods
- Big Data Analytics
- Mini Project

Third Semester

- Design and Analysis of Experiment
- Stochastic Processes
- Research Methodology
- Deep Learning Principles and Application
- Categorical Data Analysis and Generalized Linear Models

Fourth Semester

- Computer Vision
- Natural Language Processing
- Bayesian Statistical Modelling
- Data Visualization using Tableau & Power BI
- Capstone project

Notes : ◆ All courses carry 4 credits each ◆ The Capstone Project during the final semester carries 14 credits

Master of Science in Business Analytics | Online MSc-BA

This inter-disciplinary program combines business domain and analytics knowledge at a post-graduate level, thus enabling learners to excel in Business Analyst roles across sectors.

Eligibility

- Candidates must have completed graduation in any discipline with Statistics as one of the subjects from recognized universities/institutions or an equivalent qualification as recognized by the Association of Indian Universities (AIU).

- Candidates must have a minimum of 50% marks in aggregate or equivalent grade in graduation.

- Work experience is desirable.

Fee Structure

- INR 2,80,000 (all inclusive)

- INR 70,000 per semester

- INR 1,500 (non-refundable application fee)

Duration

Minimum 2 years (divided into four semesters)

Career Prospects

- Business Analyst
- Data Analyst
- Business Intelligence Analyst
- Financial Analyst
- Operations Analyst
- Market Research Analyst
- Human Resources Analyst
- Healthcare Data Analyst
- Supply Chain Analyst
