MESSAGE FROM THE DEAN

At O.P. Jindal Global University (JGU), excellence is defined by our commitment to interdisciplinarity, internationalisation, and a dynamic interface between academia and industry. Our globally benchmarked curriculum, internationally diverse faculty, and world-class infrastructure reflect this vision—affirmed by our recognition in the QS World University Rankings and our designation as an Institution of Eminence by the Ministry of Education, Government of India.

At JGU, students are at the heart of everything we do. We empower them to think critically, act with integrity, and lead with empathy—individuals equipped with the imagination, skills, and sense of responsibility to innovate, collaborate, and address complex challenges in an interconnected world. We provide an ecosystem that supports every aspect of a student's growth—intellectual, personal, social, and emotional. Our interdisciplinary and experiential approach encourages learning beyond boundaries, while international exposure and engagement with industry and community prepare students to translate knowledge into meaningful impact. JGU is more than a university—it is a space where ideas meet purpose, learning meets life, and every student is inspired to create a more just, compassionate, and sustainable world.

BBA (HONS.) FAMILY BUSINESS

Family Businesses have played a crucial role in the creation, preservation, and continuance of wealth in India and countries worldwide. In India, it accounts for 85% of the businesses with a contribution of around 70% in the nation's GDP. Understanding the ever-growing importance of family firms in India, we offer BBA (Hons.) Family Business Programme. The coursework imparts an adequate mix of practical and academic training to students by incorporating internships, core and elective courses, and an action learning project. The course work has two primary objectives - equip students with the skills required to understand the general business environment, and familiarize them with family business dynamics. The curriculum comprehensively considers the skills, competencies & attitude required by scions of family firms as presented in the latest reports such as the 10th PwC Global Family Business Survey.

Need for the Transformation of Family Businesses:

PwC India Family Business Survey (2016 - 2021) has found that Family Businesses in the current complex external environment can survive, grow, and prosper if they exhibit resilience and agility. Additionally, it is paramount that family businesses pursue and progress on the path of sustainable development (UNCTAD- The Family Business Network Global Initiative 'Family Business for Sustainable Development', 2021). Family Businesses have their peculiarities in terms of:

Dynamics of Family Business:

Governance issues

Diversification:

Organic and inorganic growth and scale-up

People Management:

Managing professional managers, family members with managerial responsibilities, negotiation

Succession Planning Models:

Internal conflicts, trust, expansion

Financial Planning:

Financial modelling, resource planning

Entrepreneurial Skills:

Sensing, exploring, and exploiting new opportunities both within and outside the existing organization

Career Pathways:

This course will prepare students to either join a family business or start a new business. After completing this programme, they will be in a position to effectively pitch their ideas to potential investors as well as to incubators and accelerators. Additionally, the course encourages students to pursue career opportunities in industry.

- Next generation of family businesses
- Entrepreneurial Ventures
- Higher Studies
- Jobs in industry

**Jindal School of
Design & Architecture**

India's Global Design and Architecture School

The Jindal School of Design & Architecture (JSDA) produces paradigmatic shifts in the way we **IMAGINE** and **MAKE** Architecture, Interior, and Immersive Environments (Physical as well as Virtual) – ranging from the most intimate to the most public, from the analogue to the digital, from the real to the virtual.

JSDA is an academic environment that is creative, intellectually rigorous, making oriented, interdisciplinary, and innovative. It follows internationally accepted best practices of the academia supported by a globally acclaimed faculty. JSDA fosters interdisciplinary work that cuts across intellectual terrains and institutions worldwide allowing students and faculty to actively address the most pressing issues and problems facing our world today.

Started in 2018 with 20 students and 7 faculty, JSDA has expanded into a school of 300 students, 38 full time faculty members, and 7 laboratory and administrative staff.

BACHELOR OF ARCHITECTURE (B.ARCH)

The Bachelor of Architecture programme at JSDA is a five-year Council of Architecture (CoA) accredited academic programme in architecture which prepares you for a career as a licensed architect as well as a professional trained to work in the larger industry of architecture and built environment. in India.

In addition to the CoA programme requirements, the program at the JSDA also uniquely allows you to choose one minor area of study. The minor areas of study are carefully designed to provide you with additional skill sets which no other program of architecture in the country provides. The result is that you emerge as an architect with a unique combination of abilities which can be applied across multiple industries and sectors.

Upon the successful completion of this programme, you will be awarded a Bachelor of Architecture (B Arch) degree.

WHY THE PROGRAMME

- The **B.Arch at JSDA** prepares students to become licensed architects in India, blending **CoA-accredited training** with interdisciplinary learning.
- Offers **unique minor areas of study**—the only architecture programme in India to do so—giving students cross-sectoral skills in design, technology, sustainability, and social innovation.
- Encourages **studio-based learning, design research, and material experimentation.**
- Students gain exposure to **global architectural practices**, critical thinking, and design communication through workshops, live projects, and collaborative studios.
